## Why The November 2024 Election Is Important, Part 5

### Why you MUST vote for all Democrats in 2024

## More Alarming Information About Trump and His Enablers

The November 2024 election is not a normal election. One of the presidential candidates is under 84 indictments and is currently on trial in New York for election interference in the 2016 election. The old GOP, the Republican Party of pre-2016, no longer exists. We now have a party that supports populism—people are more important than the Constitution. Or we should say, “some people” are more important than the Constitution.

One of the presidential candidates does not talk about issues, but about being the retribution for the MAGA group. Retribution for what? Access to affordable healthcare? Social Security benefits? Medicare? Medicaid? Free press? Freedom of Speech? Ability to choose what job or vocation you want? To live in any of the 50 states? And the many more freedoms we have access to.

In the 700 page book, Project 2025, the plans for another “4 year” term by the Republican nominee is outlined. All guardrails are removed and allegiance is to DJT not the Constitution. This form of government is not democratic, but authoritative. And you won’t like it. (Think Russia. Think Putin with more hair and a flabby body.)

The Republican “presumptive” nominee is not a normal candidate, and in my opinion, not a normal person. I believe if you have a psychology dictionary and look up deviant behaviors, you would find his picture (probably several pictures).

DJT’s recent interview with Time magazine takes 26 minutes to read. That’s 26 minutes I could have spent playing Solitaire on my phone. Of course, MAGA will not read the interview because it is the “Fake Time” magazine. Rambling and incoherent in many paragraphs, you can’t believe that this person is being considered again for President of the United States. **Had Enough? VOTE Democratic!**
