## JANUARY SPECIAL PROJECT:

### Super Bowl Event

Unless you have just arrived on planet Earth, you realize that it is imperative that Democrats win at least 24 US House seats and 10 US Senate seats. We also need to add a Democratic Texas governor, Lt. gov., attorney general, Texas Senate seats and Texas House seats and win the Mega millions. Your purchase of one Super Bowl ticket (\$35) or a larger sponsorship will help NWD's efforts to elect local Democrats, state Democrats and national Democrats. Contact Gene Marck, 210-273-9201, if you have any questions.

## A Few JOYCE Words (will return in February)

**Really?** You can't make this stuff up. At least the Republican Senators and Representatives that would face a nut case in the Republican primaries, are jumping ship. When is the voting public going to realize that Republicans cannot govern—they can only win elections? When they get in office, their number one priority is to cut taxes on wealthy Americans (because that's the Republican donor base and they pay the most taxes, yada, yada, yada) and are the “job creators”. The Republicans still spew forth the lie that all the tax cut money the wealthy receive will stimulate the economy and therefore, more jobs will be created. It's never happened. As my Mother used to say, “Don't pee on me and tell me it's raining”. The second Republican priority is too cut SS, Medicare, Medicaid, Welfare, CHIP, Food Stamp Program because the deficit is way too large.

**What** about all those supposedly “heroic” Republicans who said the President was mentally unstable, ignorant, no grasp of how the government works, semiliterate, unfit for the office, now lining up to kiss his a\_\_? I've seen more spine in an earthworm, and they have no spine. To knowingly let this President's lies, tweets, words and actions go unchecked or questioned demonstrates a decidedly un-American and unpatriotic stand. Republicans thought they'd be able to control him, but now are the ones dancing to his tune.

**Thank** you, Sen. Dianne Feinstein, for releasing the transcript of Fusion GPS founder's testimony. We can all read it and make our own judgement about the Christopher Steele dossier. After all, we're not as stupid and gullible as the Republicans believe.

**We** have to flip the US Senate and House to undo all the mess and legislate programs that benefit all Americans. Unfortunately for us Texans, Washington DC is not our only concern. We need to get Abbott, Patrick, Paxton and the rest out of Austin. Patrick even had the nerve to say that “he (DJT) is one of the smartest people I have even met in politics. He's able to analyze things so quickly.” Give me a break. I didn't just fall off the turnip truck. I was born at night, but it wasn't last night. We have to get these Republicans out of Austin and Washington. We must have qualified Democrats in Austin and Washington. We need to put our Democratic ass in gear and kick them out.
